- 2 If you wish, add the app to your phone's home screen, following the instructions above.
- 3 Choose your tradition and the kind of Kaddish. The audio starts on ►.
- 4 Follow along: the word being said lights up in the text.
- 5 Choose to hide or highlight the Hebrew, the transliteration or the translation.
- 6 Use Practice Mode to learn verse by verse, repeating as often as you like.
- 7 Dedicate the Kaddish to someone and set yahrzeit reminders — the anniversary of the death, when the Kaddish is said again.
- 8 Turn on mute to follow the text in silence.

The Kaddish requires a minyan (ten adult men praying together) and is recited standing. It should normally be recited in a synagogue during the period of mourning.
