How to use it

- 1 Point your phone's camera at the code above.
- 2 Choose your tradition and the kind of Kaddish. The audio starts on ►.
- 3 Follow along: the word being said lights up in the text.

What the app does

- The rabbi's recording synchronised word by word.
- Hebrew, transliteration and translation, in 8 languages.
- Practice Mode, which pauses at every verse so you can repeat it.
- Dedicate the Kaddish to someone, and a yahrzeit reminder.
- A mute button, to follow the text in silence.

The Kaddish requires a minyan of ten adult men and is recited standing. It should normally be recited in a synagogue during the period of mourning.
